What are the 11 Research Impact Things?

- A self-paced training program for libraries

“The programme aims to equip learners with the skills and knowledge required to engage in the use of a range of metrics around research impact and gain understanding of the research landscape.”

- Developed by IATUL Special Interest Group for Metrics and Research Impact: <https://iatulimpactthings.info/>
- Delivery of the 11 Things at AUS
 - Introducing Fiona Glasgow, Scholarly Communications Librarian

- Audience = AUS librarians
- GoogleMeet meetings
- Live demonstrations and practice
- EtherPad for notes
- Guest speakers

Feedback

- *"Liked the hands-on work"*
- *"I like the interactive activities"*
- *"Learning more about the limitations & issues with journal impact metrics. This is good to keep in mind when I talk to faculty."*
- *"Great discussion on Altmetrics. You covered the limitations very well, but an interesting case can be made for them."*
- *"...the library staff are critical to our research success. It was nice to get to hear more about the role you all play in helping make our work visible and ensuring we get the kinds of credit we should for promotion decisions, etc.." (Feedback from Guest Speaker – Faculty)*
